

A TRIP WITH MY FRIENDS

Edy plans a trip with his friends on Saturday . We want to visit Machu Picchu because it is beautiful and amazing. I invites my friends, and everyone feels excited. We talk about the trip and make a good plan together.

Before the trip, I looks at the prices. The bus ticket costs S/20. The entrance ticket costs S/40. The food costs S/15. Machu Picchu because it is beautiful. His friends agree because the place has many interesting activities.

On the trip, we travel by bus. We leave at 8:00 am in the morning. During the trip, we talk, sing, and play games. We see the mountains on the way. Everyone smiles because the trip is exciting.

At Machu Picchu, the children play games and take photos, take pictures, visit the Temple of the Sun, and watch the sunset. We also buy souvenirs and crafts. The weather is sunny and fresh, so we have a wonderful time together.

For lunch, we eat chicken with rice, salad and fruit. We drink water, juice and soda. Before we go home, we clean the place and take a group photo. At the end of the day, everyone returns home happy because the trip is amazing.
